

BLIND CORNER

VIBO FLYBOX - "THE CORNER EVOLUTION"

Fly Box is the latest solution for your kitchen corner where functionality, practicality and design are combined in a single product.

Made in Italy by Vibo.

Square storage, Full extension, Single Movement and Non-door-mounting – the discerning Designer or Cabinetmaker's dream list!

The Fly Box kitchen corner mechanism has two independent layers comprising two square baskets that are fully extended in a single movement to make the most of the space and have everything always at hand.

Not being door-mounted means you won't be back on site to adjust that anytime soon!

With a fast install time, Completely reversible design (no left and rights) and easily removed baskets – the Flybox really is the new king of the corner

The Flybox has been awarded the Best of the Best by the Interzum Award 2019.

NEW
