

INSETS & UNDERMOUNTS

SHAWS CLASSIC INSET

Perfect as a secondary sink, the Inset is both beautiful and practical and can be installed as either an inset or undermount sink.

- Two mounting options: Inset or Undermount
- Requires either Type A basket strainer waster or waste disposal system

Item Code	Item	Width	Depth	Height	Weight	Quantity
KTSCI600	Shaws Classic Inset 600 Sink	595mm	460mm	255mm	50kg	Each

Due to Shaw's fireclay ceramics being beautifully handcrafted all sink sizes are +/- 2% variance from specified dimensions. We recommend your kitchen manufacturer is aware of this and that no benchtops or cabinets are cut until your sink is on site.

INSETS & UNDERMOUNTS

SHAWS CLASSIC SQUARE

The Square sink is perfect for vegetable preparation or for use in island or peninsular applications.

It can be installed as either an inset or undermount sink.

- Two mounting options: Inset or Undermount
- Requires either Type A basket strainer waster or waste disposal system

Item Code	Item	Width	Depth	Height	Weight	Quantity
KTSCS460	Shaws Classic Square 460 Sink	460mm	460mm	191mm	30kg	Each

Due to Shaw's fireclay ceramics being beautifully handcrafted all sink sizes are +/- 2% variance from specified dimensions. We recommend your kitchen manufacturer is aware of this and that no benchtops or cabinets are cut until your sink is on site.
