## SLIMBOX SOFT CLOSE DRAWER SYSTEM

The SLIMBOX drawer combines the best of design, function and value with its space-saving thin side profile and smooth, full-extension 40kg soft-closing capacity.

Available in a full range of depths and heights to suit all your project specifications with rectangular gallery rails and inner-drawer front system.

The Slimbox drawer system has been fully lab-tested and carries CATAS certification.

Perfectly suited to any beautiful kitchen, wardrobe or bathroom space or equally at home in the commercial office or bathroom environment the Enko Slimbox drawer now allows you to specify value along with a Smart System For Design Interiors.

### FEATURES

- 40KG capacity, quick assembly
- 14mm sides, twin walled box style drawer side
- Three heights 90mm, 130mm, 180mm
- Epoxy coated white or anthracite grey colours
- Full extension, concealed, synchronised soft close runners with a wide base platform
- Rectangular gallery rails
- Zinc Plated Steel front and rear fixings
- Drawer Base - 16mm board, no milling required
- Quick release brackets
- 3-D Adjustment

Drawer front fixing brackets are available in Screw On or Knock In format.  
Add "S" to the item code for Screw On or "K" for Knock In.
